ALLEN REPEATS CHARGES BEFORE HOUSE COMMITTEE

Kansas Governor Declares
35th Division in Argonne
Opposed Man Power to
German Machinery.

"HIGHLY ORGANIZED INEFFICIENCY" BLAMED

Says One Man Carried Ra-
tions of Several and as
Result There Was Hun-
ger; Lacked Air Protection.

By a Staff Correspondent of the Post-Dispatch.
WASHINGTON, Feb. 17.—In the battle of the Argonne Forest, the Thirty-fifth Division fought with raw manpower against German machinery. Thus Gov. Henry J. Allen of Kansas, testifying this morning before the Rules Committee of the House of Representatives, summarized his conclusions, based on his own observations while a Y. M. C. A. worker with the division and on official reports of the fighting and letters he has received from officers and men.

"Our lack of materials with which to combat German machinery was characteristic of the highly organized inefficiency that marked all our operations in France. We were inefficient in all but raw man power. If it was necessary for our infantry to fight artillery, the infantry did it."

His view of blame.
"The blame," continued Gov. Allen, "attaches to those whose duty it was to supply the division with food, to those whose duty it was to supply it, to those whose duty it was to furnish airplanes and did not furnish them. After all our seeking to create the best machine gun possible, we fought the war with the machine guns of other nations."

Gov. Allen, in a long statement to the committee, read numerous letters from soldiers of the Thirty-fifth division, which also copies of several official reports relating to the division, and read from them without giving the names of the officers from whom he had received them. Allen said that he preferred to let the facts go into the record without comment, but gave his own conclusions when pressed by members of the committee. He said that every man in the battle carried emergency rations.

Carrying of Rations.
Allen said that one man carried the rations for four, consisting of one pound tin of bully beef. One man went on to say, was sure of plenty to eat and the other three were in danger of starving.

The food was strewn with cans lost by men who had fallen. There was hunger in the Argonne, he said. "For the first four days there were no rolling kitchens."

Concerning Gen. March's estimate that there were 120 bombing planes at the battle, Allen said that half of them must necessarily have been on the ground.
At no time, he said, were there enough planes to render any real service to the American troops. He read letters to show that the German had complete mastery of the air, and that their aviators swooped low over the American forces, killing and wounding many with machine guns. Maj. Murray Davis, he said, was killed in the Argonne. Allen said that he had read Gen. March's "remarkable" statement that artillery was never out of touch with the division.

"Gen. March," he said, "surely was not referring to the divisional artillery, but only to the heavy guns of the army and corps artillery. If he meant that the divisional artillery was never out of touch, he was very much mistaken."

"Sometimes," Allen added, "the American artillery was fatally in touch with American troops."

"French Open to Criticism."
The French were open in their criticism of the way we fought the battle," he said. "They said that if the French had fought the same way, their army would have been wiped out at the end of a year."

Allen's outlet said that he could prove, by official reports and the statements of officers: First, that the failure of the artillery to protect the infantry was due to the lack of horses to move the guns forward; second, that because of the lack of airplanes to direct the American fire, our barrage fell in our own lines; third, that in some cases wounded in the forest without medical aid for 48 hours.

Alleged Shortage of Horses.
He produced an official inspection report by Lieutenant-Colonel Peck of the regular army, given to him by an officer of the Thirty-fifth, to prove that a great shortage of horses existed, and that many of the horses in the service were decrepit animals.

10 PER CENT ADVANCE AWARDED PACKING HOUSE EMPLOYEES

Advance Made in Decision of
the Wage Arbitrator, Judge
Alschuler, at Chicago.

By the Associated Press.
CHICAGO, Feb. 17.—Packing house employees were given a 10-per cent advance in wages by the decision of the arbitrator, Judge Alschuler, who announced the award today. The advance is retroactive to Nov. 10. In addition, the award grants 2½ cents an hour raise to all workers under 21 years of age whose earnings are less than 42½ cents an hour.

Time and a half is given for overtime, with double time in certain instances. Overtime begins after eight hours and there is compensation also for men who are required to be at work before 5 o'clock in the morning. The overtime scale becomes effective March 2. The award applies to the plants of Armour & Co., Swift & Co., Morris & Co., Wilson & Co., and the Cudahy Packing Co. throughout the country.

The advance is based on the advance in the cost of living. The award also deals with a number of minor complaints.

Counsel for the packers estimated that the award would cost the packers \$12,000,000 a year. About 85,000 employees will receive the retroactive advance.

Judge Alschuler said that, while there has been a slight decline in some items of the cost of living, house rents have gone up.

FARM MECHANIC NEW PROFESSION

Care of Machinery Being Taught
Disabled Soldiers.

WASHINGTON, Feb. 17.—A new profession, that of "farm mechanic," will be an outcome of the Federal war in the belief of the Federal Board for Vocational Education, which now is preparing to train disabled soldiers, former farm boys, for such work.

With the scarcity of labor on the farms the board declares there will be more extensive use in the future of farm machinery, and the soldiers will be trained to handle and repair tractors and all other farm machinery.

Vice-Admiral Wilson Convalescent.

WASHINGTON, Feb. 17.—Vice-Admiral Henry T. Wilson, who has been ill at Brest, is convalescent and will return to the United States soon.

WILSON WANTS TO GET ALL WORLD BACK TO WORK

With Nations' League Under
Way, His Main Big Idea
Now Is to Start Whirl of
Wheels.

PERIL TO SOCIETY IN UNEMPLOYMENT

Main Obstacle Is Desire of
France and England to
Hold Up Industry Until
Their Plants Start.

By CLINTON W. GILBERT,
A Special Correspondent of the Post-Dispatch.

Copyright, 1919, by Public Ledger Co.
PARIS, Feb. 17 (by wireless).—As President Wilson leaves France, the one big idea in his mind and that of the American delegates is to get the people of the world to work.

Certain steps are now possible by virtue of the wider terms of the new armistice, but it is felt by Americans here that they are not sufficient to ward off the industrial crisis, of which symptoms already exist.

There are strikes and unemployment in every country, especially the new countries formed out of the Austrian empire. The main obstacle to getting the world to work again is the desire of England and France to hold up industry until their own plants have changed over from war to peace work.

This policy involves unemployment throughout the world, for no country, not even Germany, can be idle and not participate in the world's commerce without stopping the whirl of wheels in every other country.

The Americans sense the situation as no one else here. It is not sympathy with Germany which moves.

GERMANS AGREE TO TERMS EXTENDING THE ARMISTICE

Various Parties Represented at Meeting—Foch
Said to Have Refused Request
for Delay.

By the Associated Press.
COPENHAGEN, Feb. 17.—The German Cabinet discussed the armistice terms from 10:30 Sunday morning until 4 o'clock in the afternoon, when an effort was made to summon the National Assembly to decide upon the answer, according to an Exchange Telegraph dispatch from Copenhagen. It was found impossible to summon the Assembly. It is added, and after a conference with the party leaders it was decided to accept the terms unconditionally.

By the Associated Press.
LONDON, Feb. 17.—The German Government on Sunday night accepted the allied terms for the extension of the armistice, according to a dispatch to the Politiken from Weimar.

The meeting at which the acceptance was decided upon, the German correspondents say, was attended by leaders of the various parties.

Replying to a request by Matthias Erzberger, head of the German armistice commission, for a delay in the signing of the armistice terms until Sunday noon, Marshal Foch declared, according to reports here, that the armistice expired at 5 o'clock Monday morning and that the last hour for signing would be 6 o'clock Sunday afternoon in order to permit the necessary order to be given to the troops. If not signed then, Marshal Foch said he would be obliged to leave Treves and the armistice would no longer be in force.

Answering Erzberger's counter demands, Marshal Foch said the new armistice terms had been fixed by the heads of the associated German divisions.

Virginia Episcopal Bishop Dies.
RICHMOND, Va., Feb. 17.—The Rt. Rev. Robert A. Gibson, D. D., 75 years old, Bishop of the Episcopal diocese of Virginia since 1902, died today. He served in the Confederate Army.

Man From Sanitarium Who Realized \$5000 on Stolen Corn Boasts of Exploit.

Charles H. James, 32 years old, of Carmi, Ill., after confessing to the police in the presence of newspaper reporters that he had stolen three carloads of corn valued at \$5000, and \$1500 from an express package, remarked that he "might be crazy, but darned clever." The comment was made when James, in reply to a question, admitted that he had been in a sanitarium under treatment for a mental disorder. He was arrested yesterday at Hotel Statler.

James said that he left a sanitarium at River Junction, Fla., last December, after having been there several months. He was arrested last summer, he said, in connection with the theft of an express package and relatives put up the defense that an ailment which he had contracted caused him to steal. He said he had been in the sanitarium for two weeks and was sent to the sanitarium as a result of that defense, he said.

Was in Sanitarium.
"Well, I'm crazy," he was asked by a detective today. "I might be crazy, but I'm darned clever," was his reply.
After leaving the sanitarium, James said he went to Electric Mills, Miss., where he obtained a job with an express company. He had assumed the name of one of the inmates at the sanitarium, William Elison, he said, and a few weeks after he got the job he stole a package containing \$1500, which he had entrusted to his care.

He went to Maundlin, Ill., where under the name of H. H. Hall, which was the name of another inmate at the sanitarium, he obtained a place as station agent and telegraph operator. Two weeks ago he resorted with fake bills of lading three carloads of corn, he said, shipping one to "H. H. Hall, Cairo, Ill." and the other two to "H. H. Hall, Nashville, Tenn." He followed the shipments, he said, and sold the corn for \$5000. Banked the \$5000.

He then went to Evansville, Ind., he said, and banked the money. The credit of "H. H. Hall" got a cashier's check for \$4000 and \$1000 in cash. He had the cashier's check and \$845 when arrested.

When he left Evansville, he gave instructions to have his mail forwarded to the Hotel Statler. He then visited his wife and two sons at Carmi, he said, and came to St. Louis yesterday. When he inquired at the hotel desk for mail two detectives, who were awaiting him, took him to police headquarters.

Railroad Detectives, who had been trailing James about the country, said that he had made arrangements to take a job as station agent at Valmeyer, Ill. today.

"Sure," said James, when asked about it. "I wasn't going to loaf just because I had plenty of money. I was going to keep right on working."

Are you going to the Theater or Movies tonight? If so, see Page 11.

EX-JUDGE LAMM SPECIAL MASTER IN SUIT AGAINST U. R.

Named by Judge Dyer to
Hear the Evidence in
Stockholders' Action for a
Receiver.

HEARING TO BEGIN WITHIN 20 DAYS

Charges Against Company
Are Wasting of Funds in
Keokuk Power Contracts
and in Fighting Mill Tax.

Henry Lamm of Sedalia, former Judge of the State Supreme Court, who was Republican nominee for Governor in 1916, was appointed by United States District Judge Dyer today as special master, to take testimony in the receivership suit of John W. Seaman and other stockholders against the United Railways Co.

The special master virtually acts as Judge. He presides over the taking of testimony, and rules as to the admissibility of evidence. He practically decides the case, as he makes his report to the judge, who enters the decision. A Judge rarely overrules the conclusions of a special master, although he has the power to do so.

Under the law the taking of testimony must begin within 20 days. The exact time and the place for the hearing were not announced.

E. R. Delayed Proceeding.
The appointment of a special master to hear the receivership case, named in prospect since Judge Dyer recently announced that he would not personally hear the testimony, Judge Dyer dismissed the original receivership suit filed by Seaman, sustaining a demurrer.

After dismissing the original suit for a receivership and an accounting, Judge Dyer gave the petitioner leave to amend and refile the petition, and this was done. When the attorney for the United Railways offered dilatory motions, Judge Dyer gave them four days to make an answer to the receivership petition, and this answer was filed Feb. 7.

The chief allegations in the receivership petition were that the company's contracts for water power for the Keokuk dam cost \$400,000 a year in excess of a reasonable charge; that the practices of the company's legal department were wasteful, especially in the mill tax litigation; that the claim department is unreasonably costly; and that a system of interlocking directorates makes the company operate for the sole benefit of the North American Co., which holds a large block of the United Railways common stock.

Supplementary Bill Filed.
A supplemental bill was filed in court last Saturday, setting forth reasons for the appointment of a receiver, in addition to those contained in the petition already before the court. In this supplementary petition it was alleged that bonds of the company to the amount of \$263,000 per value, which should have been canceled, have been reissued, entailing an obligation on the company to pay the amount twice. Another allegation is that the company has confessed judgment in the mill tax cases, after having spent large sums in the effort to defeat the collection of the tax. The third allegation is that the company is operating at a loss, and has reported a deficit of more than \$400,000 in 1918.

Judge Lamm is 72 years old, and has lived in Missouri for 50 years. He was Prosecuting Attorney of Pettis County before his election to the Supreme Court in 1904. On the bench Judge Lamm became known for his dislike of legal delays, and for his manner of getting through legal technicalities to the real question at issue. He often enlivened his decisions with humorous stories or allusions of a literary character.

In his campaign for the governorship, Judge Lamm, before the primary, was opposed by the St. Louis Republican party machine, under Mayor Kiel and Chairman Schmoll, and was supported by Jephthah D. Howe, former city chairman. He treated the situation here humorously in his speeches before the primary, and said that he had heard the name of Schmoll spelled another way. He satirized Gov. Major, and attacked the land bank bill, which was a prominent feature in the platform of Fred D. Gardner, who was elected Governor. Lamm contested Gardner's election, but the Democratic Legislature of 1917 threw out his contest petition.

Labor Declares for "Day Off."
By the Associated Press.
CHICAGO, Feb. 17.—A general strike of union labor on April 1, the date of the municipal election, for the purpose of aiding the new labor party's ticket, was approved in resolutions adopted yesterday by the Chicago Federation of Labor, which phrased its expression to declare "a day off on making profits for the bosses."

TO HEAR EVIDENCE IN U. R. RECEIVERSHIP SUIT

JUDGE LAMM.

BERLIN PAPER'S VIEW OF 'SO-CALLED NATIONS' LEAGUE'

Zeitung am Mittag Declares Society
Is Simply Compact or Alliance
of Five Great Nations.

By the Associated Press.
BERLIN, Sunday, Feb. 16.—The "So-Called League of Nations" is the headline placed by the Zeitung am Mittag over its report from Paris giving the outlines of the proposed constitution of the new world society. The newspaper declares that the proposed league is simply a compact or alliance of five great nations, who reserve the right to admit or exclude other nations. The reservation in the disarmament clause that disarmament shall take into consideration the "geographical situation" of a nation plainly means, the Zeitung am Mittag asserts, that France shall be exempted from its provisions.

The Paris dispatches covering the league of nations covenant reached Berlin too late for comment by the morning newspapers.

LEAGUE OF NATIONS PLAN HAILED BY ITALIAN PRESS

Believe War Has Not Been Futile If
New Society Prevents
Recurrence.

By the Associated Press.
ROME, Saturday, Feb. 15.—The Italian press greets with joy and satisfaction the announcement of the foundation of the league of nations, and praises President Wilson for the evidence he has shown in setting a concrete basis for the league before leaving for America. All declare that the war has not been in vain if there arises from it a society which will forever prevent a recurrence of such a conflict.

The Messenger says: "We greet with deep emotion and sincere faith the foundation of the league of nations and hope that the representatives of the Entente gathered around Mr. Wilson will immediately approve the project which has been presented."

The Messenger says: "We greet with deep emotion and sincere faith the foundation of the league of nations and hope that the representatives of the Entente gathered around Mr. Wilson will immediately approve the project which has been presented."

Foreign Minister Pichon told newspaper men yesterday that France had given her full support to the league of nations, and that she needed measures in addition to the plan as it stood had been voiced by M. Bourgeois. Unanimity would be preserved, however, in the discussion. Amendments will be offered and will be referred to a special commission whose work will go on in the absence of President Wilson, as capable men had been left behind to represent the President. The Temps says President Wilson will return to France on March 12.

Something must be done, M. Pichon added, to terminate the present situation in Russia.

Referring to the desire of Holland to be heard by the conference before action is taken on the Belgian demand for the return of the territory, the Minister said that the Belgians themselves had favored consultation with Holland in such event. It is scarcely expected that special commissions of the peace conference which are studying questions confined to them will be able to submit reports to the full conference this week, but it is hoped that some of these reports will be ready for revision by the Supreme Council which is still acting as a medium between the commissions and the conference.

Successes for Women.
The committee of the inter-allied women's suffrage congress which has been interviewing statesmen in search of support for President Wilson's plan to give women representation in the conference and in the League of Nations has achieved a great success. In the estimation of its members, satisfactory assurances have been given by President Poincaré and Jules Cambon, one of the French delegates to the peace conference, and by Foreign Minister Hymans of Belgium. Premier Clemenceau, in addition, has promised to support a bill giving women the right of municipal suffrage which is now pending in the French Chamber of Deputies.

The Serbian, Croatian and Slovene delegation to the peace conference has formally written to Premier Clemenceau, president of the conference, that, having full confidence in the "high spirit and justice of President Wilson," they are ready with the full consent of their Government to submit to him for arbitration territorial differences between the kingdom of the Serbs, Croats and Slovenes and Italy. M. Clemenceau is asked to take cognizance of the fact and communicate it to the conference. It is added that a similar communication has been sent to President Wilson.

ALLIED COUNCIL AGAIN TRYING TO GET SOLUTION OF RUSSIAN PROBLEM

Winston Churchill Proposes
That Invitation for a Conference Be Renewed With
Certain Features That Had
Been Objected To Eliminated.

DIRECT NEGOTIATION MAY BE ATTEMPTED

Conference Committees Continue to Wrestle With
Various Problems—Women Seeking Representation Make Progress.

By the Associated Press.
PARIS, Feb. 17.—Attention of the delegates to the peace conference will focus on Russia today. The Supreme Council having decided that, as the time allowed for acceptance of the invitation to the Prinkipo conference has expired something else must be done.

Winston Spencer Churchill of Great Britain has proposed that the invitation be renewed and that some of the conditions that made the first invitation unacceptable to most of the different Russian factions be omitted. If the Supreme Council accepts this position, as seems possible, it probably will not insist that the conference be held at Prinkipo Island. It is possible that, instead of a general meeting of the representatives of Russian factions, direct negotiations will be initiated, and commissions will be appointed to get into touch with the opposing elements there.

The following official communication was issued last evening: "The representatives of the allied and associated Powers met this afternoon at the Quai d'Orsay from 4 to 6 o'clock and heard the delegates of the Administration Council of the Lebanon. They then began the examination of the Russian question."

"The next meeting will be at 3 o'clock Monday afternoon."

Foreign Minister Pichon told newspaper men yesterday that France had given her full support to the league of nations, and that she needed measures in addition to the plan as it stood had been voiced by M. Bourgeois. Unanimity would be preserved, however, in the discussion. Amendments will be offered and will be referred to a special commission whose work will go on in the absence of President Wilson, as capable men had been left behind to represent the President. The Temps says President Wilson will return to France on March 12.

Something must be done, M. Pichon added, to terminate the present situation in Russia.

Referring to the desire of Holland to be heard by the conference before action is taken on the Belgian demand for the return of the territory, the Minister said that the Belgians themselves had favored consultation with Holland in such event. It is scarcely expected that special commissions of the peace conference which are studying questions confined to them will be able to submit reports to the full conference this week, but it is hoped that some of these reports will be ready for revision by the Supreme Council which is still acting as a medium between the commissions and the conference.

Successes for Women.

M. Clemenceau is asked to take cognizance of the fact and communicate it to the conference. It is added that a similar communication has been sent to President Wilson.

559 Cols. Five Hundred and Fifty-Nine Columns in Total Paid Advertising

Yesterday's Big Sunday POST-DISPATCH was filled to overflowing with news, features and advertising.

All previous records for any St. Louis newspaper (made under normal conditions) were annihilated with an unprecedented volume of advertising.

Below are comparative figures, showing how

The New Record

was established; also how much the POST-DISPATCH alone exceeded both of the other Sunday papers combined in every department of advertising.

The figures:	Total Paid Advertising—	
POST-DISPATCH alone	559 Cols.	
Globe-Democrat and Republic combined	471 Cols.	
POST-DISPATCH excess over both	88 Cols.	
Home-Merchants' Advertising—		
POST-DISPATCH alone	305 Cols.	
Globe-Democrat and Republic combined	263 Cols.	
POST-DISPATCH excess over both	42 Cols.	
National Advertising—		
POST-DISPATCH alone	136 Cols.	
Globe-Democrat and Republic combined	105 Cols.	
POST-DISPATCH excess over both	31 Cols.	
Real Estate and Wants—		
POST-DISPATCH alone	118 Cols.	
Globe-Democrat and Republic combined	103 Cols.	
POST-DISPATCH excess over both	15 Cols.	

All Automobile Advertising Records Broken!

Yesterday's POST-DISPATCH also established a new St. Louis record in automobile advertising, eclipsing by a wide margin the leading New York and Chicago papers in volume of automobile advertising carried by them this year upon the occasion of their respective automobile shows.

Automobile advertising denotes "quality" circulation. Logically, the following figures prove the great "quality" leadership of St. Louis' One Big Newspaper over the Globe-Democrat and Republic.

DISPLAY AUTOMOBILE ADVERTISING YESTERDAY:

POST-DISPATCH alone	201 Cols.
Globe-Democrat and Republic combined	177 Cols.
POST-DISPATCH excess over both combined	24 Cols.
POST-DISPATCH exceeded the Globe-Democrat	27 Cols.
POST-DISPATCH exceeded the Republic	148 Cols.

Circulation Guaranteed!

The POST-DISPATCH guarantees that it sells every Sunday MORE THAN FIVE times as many newspapers in the city of St. Louis as the Globe-Democrat!

"First in Everything"

Continued on Page 2, Column 6.

WHY AUSTRIA DESIRES UNION WITH GERMANY

"Other Members of Old Empire Have Cast Us Off," Says Foreign Minister Bauer.

DANUBE FEDERATION "NOW IMPOSSIBLE"

Austria Regards Itself as Deserted and Isolated, "A Poor, Mountainous State," With Thousands Workless.

By ARNO BOSCH FLUKOR, A Staff Correspondent of the Post-Dispatch and New York World.

VIENNA, via Copenhagen, Saturday, Feb. 15.—Austria is rushing into union with Germany, hardly giving itself time to think whether it really wants to. It regards itself as deserted by Bohemia and Jugoslavia, and Hungary also undoubtedly has turned its back. I have only been in Vienna four days, having come to get opinions from leaders as to the situation. But in introducing the following interview with Dr. Otto Bauer, foreign minister, who will have the details of the union in his hands, a few obvious things can be stated.

Opinion, at least momentarily, seems almost unanimous for union. No party here dares speak openly against it, and all parties, with hope of any success in Sunday's constitutional convention elections, are for the union. The people seem to be driven by panic at the unfriendliness of the Czech-Slovaks and Jugoslavs, but political leaders have a deeper thought.

As the difference between Berlin and Vienna is almost as real as between Berlin and Paris, some intelligent people here think Austria is rushing into an alliance she may later regret, but right now the people feel themselves isolated, and are for the union as the only way out.

Dr. Bauer, who is really the leader of political thought among the Socialists in power, is aware of the fact that the union with Germany is not a panacea. He is largely in explanation of why Austria intends to join Germany. He said:

"With the breaking up of the Austro-Hungarian empire, only two solutions are open for Austria, either Danube federation or a union with Germany. Alone, Austria is a poor, mountainous state, dependent upon the outside world for support and not rich enough to pay for it.

"Whatever the advantages or disadvantages in a Danube federation, it no longer is possible, and through the fault of our other members of the old empire have cast us off. The Slav peoples to the north and south have drawn off by themselves, and made the demarcation line between Germans and Slavs so distinct that we could not ignore it if we wished. They have been emphasizing their will to be apart from us unmistakably. In Marburg they used machine guns on us.

"There are 120,000 workless in Vienna. Austria is not highly enough developed to continue as a Switzerland. We need to be in a federation otherwise hundreds of thousands of workers would be obliged to emigrate, and Austria would sink into insignificance with a poor, half-starved population. Her union with Germany or a Danube federation is necessary.

"I believe Italy, England and America are comparatively indifferent to which course we take, and I know France favors the Danube Federation, and that is now impossible. The Slav states herenoties of the German Austrians by acts of the past weeks, which have left us nothing to do but join Germany.

"The ideas of President Wilson and Lloyd George regarding self-determination of peoples favor the union. The peoples of Austria and Bohemia have been in a state of constant unrest. That has been gradually convincing the Austrian people they are not wanted in the Danube Federation, and now the Czech-Slovak and Jugoslav Governments, in attacking their portion of old currency, have put us in a financial position so serious we are forced to turn as quickly as possible to the nearest ally, which is a union with Germany.

"If the Entente should rescue Austria from a financial crisis by a loan, would that check the tendency to rush into a German alliance?" I asked.

"Such a loan," he replied, "would carry us over, making possible the purchase of food and raw materials to get the wheels of our factories turning and to reduce the great social danger.

"France wanted a Danube federation, and we were ready to enter one, if possible, and worked loyally to that end, but that is past now. We believe now that France, as well as England and America, will see that a durable peace in the territory of the old Austro-Hungarian empire can be secured when the German people are given the same rights as other peoples formerly in the empire who already have planned their future.

Assembly to Discuss Union. Dr. Bauer was asked whether Aus-

Missouri Farmers Plan to Build \$350,000 Flour Mill

Location Probably Either St. Louis or Kansas City—Numerous Elevators Would Be Erected—Bill Prepared for Legislature.

By a Staff Correspondent of the Post-Dispatch.

JEFFERSON CITY, Feb. 17.—Plans of the Missouri Farmers' Association, which has a membership of 30,000, to build, in St. Louis or Kansas City, a \$350,000 co-operative flour mill, and to erect many co-operative elevators throughout the State, were revealed today by Representative Dunlap of Gallatin, Davis County, who, at the direction of the association, of which he is a member, has had prepared a bill to permit the forming of co-operative companies under laws less stringent than the present corporation laws.

Dunlap's bill is in the hands of Attorney General McAllister and A. L. McCawley, former corporation counsel in the Secretary of State's office, for review, to determine its constitutionality, that it may be carried before introduction, if flaws are found in it.

The association, Dunlap said today, believes that there is an inexcusable large expense for our farmers in the marketing of flour, an expense which is passed on to the consumer. He said it is the plan of the farmers to co-operate to cut out a portion of this expense.

Not a Socialistic Plan. "There is nothing socialistic in our plan," Dunlap said. "We do not go to the limits to which the farmers in Dakota went. They gained control of the State Government, and are providing for State-owned mills and elevators.

"We have no intention of capturing the Government, and overthrowing it. All we want is the right to form a co-operative company, which will give us better prices for our products, and which, at the same time, as we are certain it will, reduce the cost to the consumer.

"From statistics compiled, it has been learned that the average farmer receives for his products 10 cents a bushel less than the price paid by the miller.

"The union cannot be made so quickly as you seem to think. It will take months of negotiations, with a mass of financial questions. The negotiations will undoubtedly begin soon, but the union will not come immediately. The Austrian National Assembly must get down to business and forward the bill to the people.

"It seems to me the Austrians are very different from the Germans, particularly the Prussians. Is there really a feeling of common nationality between them?" he was asked. Dr. Bauer replied:

"Austria was in the German Federation until 1866. It was only Bismarck's policy of force that drove it out. The Austrians and Germans are very different from the Germans, particularly the Prussians. Is there really a feeling of common nationality between them?" he was asked. Dr. Bauer replied:

"Austria was in the German Federation until 1866. It was only Bismarck's policy of force that drove it out. The Austrians and Germans are very different from the Germans, particularly the Prussians. Is there really a feeling of common nationality between them?" he was asked. Dr. Bauer replied:

FRANCE HAS NO FAITH IN GERMANY'S WORD

Peace Delegate Says Enemy Scientists Will Search Secretly For New Destructive Methods.

By the Associated Press.

PARIS, Saturday, Feb. 15.—"There never has been any disagreement on the fundamental principles of a league of nations between the French delegates and the delegates of the other Powers," said Prof. Ferdinand Larnaude, dean of the Paris law faculty, and one of the French delegates on the League of Nations Commission, today.

"The only differences of opinion were those expressed yesterday by Leon Bourgeois, with whom I am completely in accord. We do not seek an international army for the purpose of making war, but for the purpose of preventing it. God knows we would not mind the wheat produced by the farmers owning it, and it would sell direct to the retailer.

Co-Operative Elevators. "After the plan, we propose to erect many co-operative elevators in many parts of the State. There are more than 1000 farmers' clubs in Missouri. Several of these clubs could combine to erect an elevator at a location convenient to all of them, and this plan could be followed in many different places."

Dunlap said the plan of \$350,000 was already being raised, but that no decision had been reached as to where the mill would be built, though he expressed the opinion that it would necessarily be in St. Louis or Kansas City, because of better transportation facilities.

He said there were 250,000 farmers in Missouri, and that officers of the association believed that, within a very short time its membership would exceed 100,000.

The association also has given much thought to the building of a co-operative packing house, but Dunlap said that project was several years in the future, and there was little probability that it would be undertaken until after the mill scheme had been in effect some time.

U-BOAT PROPAGANDA FILM STIRS IRE OF OUR OFFICERS

Shown Purposely at Coblenz by U. S. Authorities With Effect Opposite That Planned by Germans.

COBLENZ, Feb. 17.—Five reels of German propaganda war films which were dug up in Coblenz by our authorities were shown last night at the Third Army Officers' Club, under the auspices of Assistant Chief of Staff Col. W. R. Williams. The 300 American officers exposed to this subtle form of German propaganda were immensely interested, but emerged unimpressed. The movies included three reels of submarine warfare pictures, "The Gages Girdle," featuring the Mediterranean cruise of the U-35, Commander Arnould de la Perriere.

Such typical comments as "It's a damn crime," were heard from the audience; as merchant ships were sunk, the audience cheering and cheering. Many officers made bitter comments as to the fate of the crews, since the movies in many cases showed no pictures of the crews being rescued.

Amusement was provoked by a picture showing the former Kaiser, posing near Cambrai, and viewing captured British tanks.

Thousands of American soldiers will have a chance to see just what the submarine warfare is like. These films will be sent on a tour of the entire American area.

RICKENBACKER IN HOME TOWN

ASKS FOR GERMAN LOAN OF \$6,325,000,000

Finance Minister Says Cost of War Was \$40,250,000,000—\$4,750,000,000 for Interest.

By the Associated Press.

WEIMAR, Saturday, Feb. 15.—The German people generally do not yet understand clearly the financial situation in which the war has left them, and they are too optimistic, declared Dr. Schiffer, the Minister of Finance, in an address to the German National Assembly, today. He apparently astonished the House when he gave the statistics to show that the war had cost 151,000,000,000 marks (\$4,750,000,000), the greatest loan in German history. He asked the Reichstag to grant the assembly to vote a credit in the form of a loan for 25,000,000,000 marks (\$632,500,000), the greatest loan in German history. He asked the Reichstag to grant the assembly to vote a credit in the form of a loan for 25,000,000,000 marks (\$632,500,000), the greatest loan in German history.

Dr. Schiffer said that the Government would need 19,000,000,000 marks (\$475,000,000) during the current year to cover interest payments on the loans. He said the Government expected to raise 3,000,000,000 marks from the sale of army stores. This sum might have been greater if the stores had not been pilfered by the troops.

No one was in a position to say whether Germany would be able to extricate herself from the present financial situation, the Finance Minister said, but it would depend in part on the kind of peace the allied Powers decided upon. Germany must be patient and wait. The Minister added that Germany needs social regeneration and declared his intention to punish frauds against the Government more severely than against individuals. He pleaded for a new conception of property which would eliminate the individual and put him in the background, making the individual feel that he was merely administering his property for the state.

Our expenditures have increased not only because of our needs, but because of bad financial measures during the war," the Minister said in the assumption of a short war. "We have had to pay for the war by borrowing money, and this has led to the present financial situation. We have had to pay for the war by borrowing money, and this has led to the present financial situation.

These means of destruction may easily be concealed and therefore it is not possible for us to accept the declaration of an interested nation which makes us feel that we are in a position to accept the declaration of an interested nation which makes us feel that we are in a position to accept the declaration of an interested nation.

Prof. Larnaude added that with new developments in aerial warfare, the world is in a position to accept the declaration of an interested nation which makes us feel that we are in a position to accept the declaration of an interested nation.

International Army. Referring to the international army which the French desired, Prof. Larnaude said: "The world is in a position to accept the declaration of an interested nation which makes us feel that we are in a position to accept the declaration of an interested nation."

KIEL RECALL LISTS CIRCULATED TODAY WITH EXTRA EFFORT

Civic League and Referendum Body Trying to Obtain Enough Names for Filing Tomorrow.

WOULD PERMIT VOTE AT ELECTION APRIL 1

Number of Signatures Probably Will Not Be Known Before Tonight, Says Official of Organization.

Canvassers for the Civic League and the Citizens' Referendum League were at work today in all parts of the city, getting signatures to petitions for a vote on the question of recalling Mayor Kiel at the city election April 1. The Civic League is a non-partisan organization, and the Citizens' Referendum League is a partisan organization, and the two are working together to get signatures to the petitions.

The charter requires that the petitions have the signatures of 20 per cent of the registered voters, and this 20 per cent of all the voters must include 20 per cent of the voters in two-thirds of the wards, or in 19 wards.

The employment of canvassers, at a cost of \$25,000, was begun by the Civic League Saturday, in the effort to get the necessary number of signatures in time to save the city the cost of a special election. Bunden said today that about 225 canvassers had been employed, including a number of soldiers in uniform. He said the canvassers had found it easy to get names, but that some of them had found persons who thought it would cost them a nickel to sign.

This is not the case, as the nickel is paid by the Civic League. It is Bunden's understanding that there will be but one opportunity for signing petitions, and that if they are filed tomorrow, and the number of signatures is found to be inadequate, the deficiency cannot be made up afterward. For this reason, he said, it is necessary to start filing until a sufficient number is assured beyond question.

No Estimate of Signers. Secretary Prosser of the Citizens' Referendum League said the names of signers were being checked with the voting lists, but he was not able to make an announcement yet as to the number, or as to whether the distribution by wards is what the charter requires.

The use of paid canvassers will be continued, Bunden said, in the effort to get the needed number of signatures as soon as possible.

Tenth Ward Referendum. The Tenth Ward Improvement Association yesterday announced the result of the referendum held among its membership on the question of the recall of Mayor Kiel. The result was a vote of 113 to 113, and the vote on two other questions was to the effect that the United Railways agreement should be renewed, and that the Jefferson avenue franchise case should be reopened. However, the vote was 110 to 109 that the Mayor's action was the best interest of the city.

This seeming contradiction was explained as being due to the fact that some members neglected to vote on some of the questions.

There were 254 ballots cast, but not more than 231 votes on any one question. Because the total number of votes was less than one-half the membership, the result will not constitute an official expression of the organization.

Two Railway Men's Locals Vote for Kiel's Recall. Local 242, United Brotherhood of Maintenance-of-Way Employees and Railroad Shop Laborers, at a meeting Saturday night at New Club Hall, Thirteenth street and Chouteau avenue, at which 200 of the 700 members were present, went on record as favoring the recall of Mayor Kiel, according to U. G. McKinney, traveling agent. The vote on the proposition was unanimous.

The organization is affiliated with the American Federation of Labor, but is not represented by delegates to the Central Trades and Labor Union.

Local 224 of the same union, at a meeting at Thirteenth and Benton streets last Friday night, condemned the Mayor's deal with the United Railways and voted in favor of his recall.

Circulator of Kiel Recall Petitions Who Was Bitten, Undergoes Operation. Theodore J. Coffey, 54 years old, of 2548 Washington avenue, former member of the State Legislature, who

Marines Joked Their Way Through Big Engagements

Lloyd Singleton of Sixth Regiment Tells of Experiences at Belleau Wood, Soissons and St. Mihiel—Casualties in His Outfit Were 140 Per Cent.

A happy youth of 20 years, who, in civilian clothing, might pass for a high school football star, but who bore no personal traces of anything more strenuous, yesterday related to a Post-Dispatch reporter his experiences in the battles of Belleau Wood, Soissons, St. Mihiel and the Argonne.

He is Private Lloyd Singleton, of 5175 Enright avenue, a member of the immortal Sixth Marines, whose members wear the red four-bar Legion of Honor. France's highest regimental decoration, and in two battles the casualties of his company were 140 per cent. That is, the company, starting with 250 men, lost 350 in two battles, the ranks being filled with replacements as the men fell.

Singleton described the nights and days during which the regiment held on to the gas-filled Belleau Wood "by the skin of their teeth," without any food but their "iron rations," and with no water save what they took in their canteens.

"It was all a big joke to those leathernecks, though," Singleton said, "we heard the whine of a big shell coming, some Marine would say: 'I hope that sea bag doesn't light on me.'"

Sea bag is the name of the kits which hold the Marines' luggage when they go aboard ship for sea duty. They are about the size of a full laundry bag.

When we could take off our masks long enough to talk, I would hear some fellow over in his little fox-hole—we had no trenches—grumbling something about 'the dog' or 'the cat' or 'the regimental parade on my back last night.'

"The boche counter attacked the wood several times, but we held on until the Seventh and Fifteenth regular infantry regiments relieved us. Those are two infantry regiments that the Marines all admit are as good as the Marines. During our stand in the wood we lost 75 per cent of our officers and men. There wasn't anything but a remnant of us left when they pulled us out."

Soloists Action Hardest. The action near Soissons, however, was the hardest on the men. Singleton declared, as it was a pure test of whether the Marines could continue advancing in the face of machine gun and artillery fire, without the opportunity of fighting back. "It was the morning of July 19," he said, "the day after the great counter-attack began. They sent us in without any artillery protection. We marched right up to the line, formed in skirmish lines, and started toward the German positions. It was 10:30 a. m., with a hot sun shining, and conditions perfect for observing us."

"It was like walking into a half-storm of machine-gun bullets. We couldn't see an enemy, and all that I did was to get a shot. It was just a matter of keeping on walking into the face of that murderous fire."

was waylaid on the street by a thug and beaten last Tuesday night, following his successful circulation of petitions for Mayor Kiel's recall in his home precinct of the Seventeenth Ward, was operated on for a broken leg yesterday at the Baptist Hospital. It was said today that he will have to remain at the hospital for several days.

22 ARRESTS MADE YESTERDAY FOR VIOLATION OF SUNDAY LAW

Policeman Buys Beer at the Cooks and Pastry Cooks' Club and Raids Place.

Twenty-two men were arrested and a quantity of beer and liquor confiscated by police in three raids on alleged clubs evading the Sunday closing law yesterday.

At the Cooks and Pastry Cooks' Club, 18 South Broadway, police arrested Emil Geborn, 50, manager, 4347 Laclede avenue; Nick Eliz, 51, bartender, 2035 Lucas avenue, and seven customers in the club after a probationary patrolman had reported being able to buy a bottle of beer without the formality of becoming a member of the club Sunday.

He used a marked \$1-bill in paying for the beer. The customers were released at Central Station and the manager and bartender held pending applications for warrants.

Seven men were arrested at the No-Name Club, 1843 South Fourth street, and 35 bottles of beer confiscated at 8 p. m. Police held those arrested for investigation. The men claimed to have bought the beer Saturday night.

August Volker, 56, 4448 North Market street, an official of the Rock Springs Turner Hall, Chouteau and Boyle avenues, and 5 others were arrested in a raid on the club at 6 p. m. A patrolman in civilian clothing reported having bought a bottle of beer for 15 cents, using a marked quarter to pay for it. The men were hauled to the station from the club. Volker was held pending application for a warrant. The marked quarter, police say, was found in the register.

GERMAN FOREIGN MINISTER REPORTED TO HAVE RESIGNED. By the Associated Press. RASLE, Feb. 17.—Count von Brockdorff-Rantzau, the German Foreign Minister, has resigned, according to a Weimar dispatch to the German Zeitung of Berlin. There is no confirmation from other sources.

LLOYD SINGLETON

"There were three Lieutenants, Overton, formerly a famous Yale athlete; Schneider and Roy. Overton had been ordered to stay behind, but he refused. Schneider was at one end of the line and Roy at the other. When he had gone 200 yards, Schneider called to Overton: 'How's Roy getting along?' Overton replied in two words."

"He's dead," he said. "Last Lieutenant Lost. Overton looked over in time to see Schneider closing up the ranks, but he was at one end of the line and Roy at the other. When he had gone 200 yards, Schneider called to Overton: 'How's Roy getting along?' Overton replied in two words."

"He's dead," he said. "Last Lieutenant Lost. Overton looked over in time to see Schneider closing up the ranks, but he was at one end of the line and Roy at the other. When he had gone 200 yards, Schneider called to Overton: 'How's Roy getting along?' Overton replied in two words."

Singleton referred to the St. Mihiel engagement as a "walkaway," and said of the Argonne: "Let the 138th Infantry tell you about that. They saw more of it than I did. The 138th, as is known, is the St. Louis National Guard Regiment."

Singleton was burned on the right leg by mustard gas, which saturated his clothing while he slept in a shell hole in the Argonne, on the night of Oct. 31. He was in a hospital three months, burns of this sort being particularly slow in healing, because of the infectious nature of the gas.

"The Marines are great 'kidders,'" Singleton said. "Nothing was serious to them. I have seen two or three in a cottage, with shells falling all around, quarreling over the best way to cook their bully beef. Even while we were advancing south of Soissons, we could hear the fellows kidding each other."

"They had a formula for killing cooties, which was like this: 'Place shirt on the ground; when cooties start walking away from you, hurl hand grenades, then advance with fixed bayonets, prepared for a counter-attack.'"

"That's the way it was all the time. If they were worried as much about getting a shot, it was just about the cooties, we never would have won the war."

NO DAMAGES GIVEN MACAULEY IN SUIT

Jury Decides Famous & Barr Did Not Cause His Arrest in Check Case.

Alexander P. Macauley, Toronto (Canada) mining promoter, is not entitled to any damages in his suit against the May Department Stores (Famous-Barr) Co. for \$500,000, according to a sealed verdict returned in the United States District Court today by a jury.

Macauley sued this company and the Stix, Baer & Fuller Dry Goods Co. for damages which he said resulted from his arrest Jan. 3, 1917, because of a check of the kind usually passed by "Christians" Keough, a noted forger had been presented at the two stores, employees of each of whom, Macauley said, he was the man who presented the checks.

After hearing some of the evidence Judge Pollock threw out the \$250,000 suit against the Stix, Baer & Fuller Co., instructing the jury to find for the defendant. This verdict also was returned today.

July Out Hour and 35 Minutes. The Famous-Barr case went to the jury at 2:40 p. m. Saturday and a verdict was reached after an hour and 35 minutes. The issue, as in the Stix, Baer & Fuller case, was solely whether the store and its management took the initiative in having Macauley arrested. There was evidence that the arrest was made independently by city detectives and that until after this did employees of the store identify Macauley as the man who cashed the traveler's check.

The verdict in favor of the department store company puts on Macauley the burden of the cost of the litigation. In an instruction Judge Pollock told the jury that Macauley's actual expenditures in the case would be \$10,000 attorneys' fees and \$500 court costs. Macauley had testified he had spent his entire bank account of \$36,000 in his effort to clear his name of the forgery charge.

At the trial F. C. Jackson, credit man of the Famous-Barr store, testified that after the arrest he had identified Macauley as the man who preferred the check.

TUTOR FOUND DEAD ON R.R. TRACKS HAD BEEN AT THEATER

Military Academy Instructor Left St. Louis Young Woman at Her Home Shortly Before Midnight.

Charles K. Seeley, 28 years old, an instructor of mathematics at Western Military Academy, near Alton, whose body was found at 8:15 a. m. yesterday on the Wabash Railroad right of way, near Mitchell, Ill., attended the Orpheum Theater here Saturday evening with Miss Evelyn Rickey, 18 years old, daughter of Mrs. Bonnie T. Rickey, 5049 Garfield avenue, and left her at her home at 11:40 p. m.

Miss Rickey said to a Post-Dispatch reporter today that Seeley informed her that he intended to return to Alton on the interurban limited car, which left at 11:33 p. m. Seeley had the rank of Captain only at the military academy.

Miss Rickey said she became acquainted with him last fall at a dance at the academy, and last Saturday night met him at the McKinley Station at 8 o'clock. She said she had previously attended theater with him and had met him sometimes at McKinley Station and on other occasions at Eads Bridge Station.

Engaged to Marry. Seeley's engagement to Miss Rose Smith of Alton was recently announced. Miss Smith said they were to have been married in June. Miss Smith is employed at an Alton piano store and is organist at the Upper Alton Presbyterian Church, where Seeley sang in the choir. She said she last saw Seeley Friday afternoon, when they were exchanging letters, from which to select a home after their marriage.

An inquest into the death of Seeley will be held at 6 o'clock this evening at Mitchell by Coroner J. H. Krill of Madison County. The coroner today is continuing an investigation of the case which he began yesterday, and hopes to have the cause of the interurban cars that passed Mitchell around midnight Saturday at the hearing in an effort to determine how Seeley met death.

The body, with both feet severed above the ankles and a deep wound in the brain, entering through the right temple, was found by a train crew of the C. & E. L. Railroad, 11 1/2 miles between the east and west bound Wabash tracks, 125 feet east of the Alton, Granite & St. Louis Traction Co. viaduct, which crosses the railroad tracks at a height of about 50 feet at Mitchell. Seeley's uniform cap was found about 50 feet west of the viaduct, about 175 feet from the body.

Bullet-Head Wound in Head. Coroner Krill, who held an autopsy, stated that death was caused by a wound in the head, which was about the diameter of a bullet hole and extended nearly five inches into the brain, entering through the right temple, was found by a train crew of the C. & E. L. Railroad, 11 1/2 miles between the east and west bound Wabash tracks, 125 feet east of the Alton, Granite & St. Louis Traction Co. viaduct, which crosses the railroad tracks at a height of about 50 feet at Mitchell. Seeley's uniform cap was found about 50 feet west of the viaduct, about 175 feet from the body.

There were several theories as to how Seeley was killed, but the coroner believes he fell off an interurban car passing over the viaduct, which suddenly curves as it starts across the railroad tracks, or fell off a train entering Mitchell. The coroner inclines to the latter theory, as there are no bones broken, as there likely would have been had Seeley fallen from the viaduct and been dragged about 125 feet.

Had Theater Program. Seeley left the military academy Saturday afternoon to attend a theater in St. Louis. A program was found in his pocket, indicating that he had carried out this plan and was on his way back to the academy when he was killed.

He was born in LaJunta, Colo. He joined the faculty at the academy three years ago as instructor in mathematics and lived with his parents.

WIFE OF MAN IN THE CONLEY KILLING HELD

Another Woman Accuses Mrs. Harry McHugh With Intimidating Her.

Mrs. Harry McHugh of 1724 Glasgow avenue, wife of one of the three men who are held for the Grand Jury on the charge of killing John D. Conley, a discharged soldier, in a saloon at Easton and Warner avenues Friday morning, was arrested today on order of Judge Krueger of the Court of Criminal Correction, on a charge of attempting to intimidate a witness against McHugh in a robbery case.

Mrs. Bobbitt said to the judge that Mrs. McHugh said to her, in the hallway outside the courtroom, "If you prosecute my husband, you will be sorry for it."

This threat was especially alarming to Mrs. Bobbitt, for the reason that Conley was killed after having been threatened similarly, he being a witness against McHugh in still another case on a charge of larceny. McHugh has been free on parole, under a workhouse sentence, while the robbery and larceny cases were pending against him.

Mrs. McHugh, when called into court and questioned by the judge, denied having threatened Mrs. Bobbitt, but the court decided that, in view of the circumstances, a further inquiry into the matter should be made. The grand jury will take up the Conley killing Wednesday.

Mrs. McHugh was held for \$5,000 bond on Mrs. Bobbitt's charge, after a preliminary hearing in which she was the chief witness. She said that Feb. 3, when she and her husband were living at 3849 Delmar boulevard, Harry Kenyon and another man called at the house, and that Kenyon and the man named called her outside on the pretense that they were detectives, and wished her to look at a suspect.

She said McHugh was outside, and that the three held her up with a revolver and took a purse containing \$1.20, and pawn tickets for articles of considerable value.

This occurred two days after McHugh was arrested on the charge of taking \$7 from Conley in a Sixth street saloon. Conley had shortly before returned from service as an army aviation mechanic at a Texas flying field. It was testified at the coroner's inquest Saturday that Conley was threatened with injury if he should prosecute the case against McHugh. He was killed less than two hours before the time when he was to appear in the Court of Criminal Correction as a witness at McHugh's preliminary hearing.

ALDERMAN BAUR SALOON KEEPER IS "ROLLED" BY CITY G. O. P. Proprietor of "Municipal Bar," Across From City Hall, to Have Opposition for Renomination. Alderman Gus Baur of the Fourteenth Ward, knows now how Caesar felt and what he meant when he exclaimed: "You, too, Brutus!"

Alderman Baur, long a loyal worker for the Republican party, who says he has often taken time away from his duties as keeper of the "Municipal Bar,"—across from the city hall, to "do what he could for the ticket," has been "rolled" by Harry P. Riefling of 2521 Armand place, today filed for the Republican nomination for Alderman from the Fourteenth, with the approval of the party leaders.

"I don't think it's right; I've done 'em as many favors as a man can do," Baur said to a Post-Dispatch reporter. "Now they say I'll weaken the ticket because I'm a saloon keeper. And I'd say 'd'uh think of that!'"

This last was the bitterest pill of all, to Baur, considering that a large percentage of the city hall crowd daily quench their thirst in his tavern. He is quite unable to understand why political immorality obtains behind the bar, but not in front of it.

Riefling is president of the Missouri Automobile Club, president of the Charles School Patrons' Association and of the Garage Owners' Association. He is in the automobile business.

George C. Meek, a bricklayer, 4331 Bates street, today filed for the Republican nomination for Alderman in the Twelfth Ward.

Excise Commissioner Lewis today revoked the license of Fred Albers, 2100 North Broadway, who operated a hotel on the second floor. A policeman testified that he slept in the hotel Saturday night, Feb. 8, and on the following Sunday morning, purchased two bottles of whisky. Albers denied the charge. Sergeant Mackel, Wooding and Herbert and Patrolman Plim, who have been on the beat at various times, testified they never had seen anything wrong about the place.

THE WORK OF THE WORLD LOOMS LARGE—Capable workers are needed. Get them through a "Help"

NEW WAY of heating CELLARLESS Houses—World's New—Greatest Invention!

Simple way of heating a four-room cellarless cottage by IDEAL ARCOLA Radiator-Boiler and three AMERICAN Radiators.

Easy heating of a cellarless office building by our IDEAL ARCOLA Radiator-Boiler and two AMERICAN Radiators.

IDEAL ARCOLA radiator-boiler

Puts IDEAL HOT WATER HEATING comfort in workingman's cottage, cellarless small stores, country schools, cellarless churches, etc.

The IDEAL ARCOLA takes the place of a parlor stove. But a stove wastes much of its heat up the chimney, whereas the IDEAL ARCOLA conveys its heat by hot water circulation through pipe-connected AMERICAN Radiators stationed in the adjoining rooms.

Every bit of the big volume of heat developed from each pound of fuel is therefore made useful in keeping ALL the rooms uniformly, healthfully warm. There is no coal-waste. The IDEAL ARCOLA does not rust out or wear out—will outlast the building—is a genuine, permanent investment!

Shipped complete ready for immediate operation

The beauty of the IDEAL ARCOLA method is that no cellar is needed. Everything is on one floor. The Arcola is placed in any room that has a chimney connection. No running to cellar. If there are two or more tenants in the building, each can have his own Arcola and make the temperature to suit his own needs—can make his own climate! If you do not wish at first to heat the entire building, buy a small size IDEAL ARCOLA and later on buy extra sections for the IDEAL ARCOLA and two or three more radiators to warm other rooms.

Cleanly heating—healthful heating—free from fire risk!

Unlike stoves, there are no coal-gases leaked into the living-rooms. The IDEAL ARCOLA delivers soft, radiant warmth—not the dry, burnt-out atmosphere of stove heating. There is no fire-risk to building—no danger to children—burns hard or soft coal or coke—fire lasts for hours! The Arcola changes a house into a cozy home! Buy it NOW, at today's attractive figure.

Put in quickly without disturbing your stove till ready to start fire in the new outfit. Sold by all dealers. Send for catalog "Ideal ARCOLA Hot Water Heating." Phone or write today!

SOCIALISTS HERE DISTRIBUTING PAMPHLET ON BOLSHIEVISM

Article by Newspaper Man Reproduced, Saying Government in Russia Is Satisfactory.

A pamphlet, "The Bolshevists and the Soviets," by Albert Rhys Williams, a newspaper writer, has been reprinted in newspaper form under the title, "The People's Voice," by the Socialist party of St. Louis, and 50,000 copies are being distributed in the city. The article declares that Bolshevism is proving a satisfactory government in Russia.

In response to a question as to whether the distribution of the paper was Bolshevist propaganda, William M. Brandt, secretary of the Socialist party in St. Louis, said that Socialists here were interested in trying to get before the public facts about any workingman's government, and that the present government in Russia was such a government.

"Much of the stuff we read about Russia is furnished by news agencies, subject to European censorship," Brandt said. "Williams has been in Russia since the revolution, and, in the course of true faith, are interested in having his conclusions printed."

The Rev. G. A. Simmons, for several years head of the Methodist Episcopal Church in Russia, testified recently before the Senate Committee investigating Bolshevist propaganda in the United States, that Albert Rhys Williams had been closely associated with the Bolshevist government in Russia and had come to the United States with a quantity of Bolshevist publications.

SALOON LICENSE IS REVOKED

Excise Commissioner Lewis today revoked the license of Fred Albers, 2100 North Broadway, who operated a hotel on the second floor. A policeman testified that he slept in the hotel Saturday night, Feb. 8, and on the following Sunday morning, purchased two bottles of whisky. Albers denied the charge. Sergeant Mackel, Wooding and Herbert and Patrolman Plim, who have been on the beat at various times, testified they never had seen anything wrong about the place.

ENDLESS SESSION OF STRAPHANGERS' UNION, 520 PINE

Men Who "Just Drop In to
Sign" Kiel Recall Petitions
Depart With Other Peti-
tions for Canvass.

THINK MAYOR FAILED
TO PROTECT CITY

Secrecy With Which Deal
Was Made Condemned—
"Hank" Weeke Also Given
as Reason for Kiel's Recall.

A continuous session of the Straphangers' Union is being held at 520 Pine street, the downtown quarters for signing petitions for an election to vote on the recall of Mayor Kiel. The Straphangers' Union is the largest organization in St. Louis. It has no regularly elected officers of its own, but the officers of the Citizens' Referendum League are filling the requirement just now, and a place of meeting has been supplied by the opening of the petition headquarters.

A discussion of the issues nearest to the straphanger's heart is carried on at the Pine street headquarters, and in the last few days several men, who stopped just to sign petitions, have asked for blanks and promised to get signatures in their neighborhoods.

A Post-Dispatch reporter at the

headquarters Saturday heard the following expressions of opinion:

A Straphanger: If the U. R. deal was such a fine thing for the city, why didn't Mayor Kiel make a public ceremony of it, so that the people could look on and applaud. Art Hill would have been a fine place.

J. H. Tillman, railway mail clerk, 3412 Meramec street: If a city like St. Louis cannot support a street car company on a 5-cent fare it is time to let the courts take charge and run it right.

Real estate man: Mayor Kiel has done everything he could for the public service corporations. He allowed the Laclede Gas Light Co. to reduce the quality of gas and yet the bills have been higher ever since. He defeated the purpose of the free bridge by allowing the Terminal to charge \$3 per car for switching, whereas they had only charged \$1 before.

Michael Murray, 5410 Cote Brillante, I am not satisfied with Kiel's dictation to the people of St. Louis, and I think the street car fare is being kept too high.

William H. Degenhart, electrician, 4529 1/2 Laclede avenue: I do not think Mayor Kiel gave the people a square deal.

Charles Niemeyer, cooper, 3516 Tennessee avenue: I object to autocracy in St. Louis. Reactionism and Czarism are out of place here.

Collector: If the United Railways were brought down to its actual capital invested the company and people would both be better off.

Three employees of the St. Louis Times: We are signing, but don't wish to be quoted.

Patrick F. Cushing, 2715 Sullivan avenue: The secrecy of the deal is its worst aspect.

William T. Maloney, 1437 Clinton street: Every voter ought to sign a recall petition. The Mayor knew he was dealing with a company that did not deserve the valuable concessions he gave it.

E. M. Edwards, contractor, 4112 Delmar boulevard: I do not think the Mayor's office has the right to override the wishes of the people who put him there. I don't think Kiel had a legal right to make the settlement he did; he certainly did not give the deal the right.

R. P. Rockwood, decorator, 4112 Delmar boulevard: Kiel made his son a sewer inspector.

Cigar dealer: Kiel has assumed authority he does not actually possess.

Henry Schwarz, salesman, 2121A Obeah avenue: We have been held up by the United Railways long enough, and it is time we were doing something about it. I think Kiel's action was wrong.

Grain dealer: Kiel failed to uphold the city's rights.

D. Thompson, 4330 John avenue, business agent of the Brotherhood of Railway Carmen: The car service here is rotten, and the Mayor overstepped his authority to perpetuate it. Such questions should be referred to the people instead of to the city hall ring.

G. A. Kercheval, carpenter, 1420 Aubert avenue: The people of St. Louis pay the taxes and are entitled to a fair deal, but the Mayor has not given us one.

Government employee: I do not see anything in the United Railways settlement except the same service and probably higher fares.

Iron worker: It simply was not a square deal.

Tool and die maker: I think the city will be better off if Kiel is returned to bricklaying.

Paper hanger: I do not believe in giving the city away to the United Railways. I believe in making them pay for everything they get.

Insurance salesman: There will be no solution to the street car situation until the company is put into the hands of a receiver.

Insurance salesman: The company could give honest service and a 5-cent fare if it were thrown into the hands of a receiver and the water squeezed out.

L. B. Stratton, locomotive engineer, 4120 Carter avenue: I do not think Kiel is a fit man for the office of Mayor. He over reached his authority.

Physician: The United Railways settlement should have been put before the people.

Electrician: The Mayor exceeded his authority and made a settlement unfair to the people. If my taxes were not paid, my home would be sold mighty quick.

Painter: Mayor Kiel showed very bad judgment.

Barber: The secrecy with which the deal was made proves that it was not for the people's interest.

Plumber: They say they are going to count out the recall voters at the polls, but we will give them the trouble of doing it anyway.

John F. Stemmer, 3119 Michigan avenue: The settlement was not fair, and I think they are paving the way for a higher fare. The extension of the Jefferson avenue franchise was worth money to the company, but they did not have to pay anything for it.

W. D. Boyle, 4038 Junata street: I have many reasons for signing the recall petition, the same as all straphangers have. I think it was a bad deal. I am a hoisting engineer and member of the Building Trades Council, and I am strictly opposed to the stand the council took in this matter.

George H. Miller, painter, 4422 Chouteau avenue: My reasons for signing are the Mill Creek deal, Hank Weeke, Laclede Gas Light Co. "gentlemen's agreement," the mill tax and eight or ten others.

Dennis Reardon, painter, 1514 Chouteau avenue: It was a rotten deal, disregarding the wishes of the public.

Michael McGurgan, janitor: I do not approve of Mayor Kiel giving the United Railways the franchise extensions for 20 years for nothing and leaving the way open for higher fares.

George Meyer, printing pressman, 1529 South Second street: It was the most brazen, autocratic work I ever saw.

MARINE FATALLY WOUNDED AT BELLEAU WOOD BURIED HERE

Full Military Honors for Roy E. Lile, Who Died at Great Lakes Hospital.

The body of Roy E. Lile of the Marine Corps, who was wounded in Belleau Wood and who died in the Great Lakes Naval Station hospital, after an operation necessitated by the wound, was buried yesterday from the home of his parents, Mr. and Mrs. Eric Lile, Bredell and Winston avenues, West Richmond Heights, with full military honors.

A military band, a company of marines and a detachment from Jefferson Barracks preceded the body, which was buried in Valhalla Cemetery. The floral offerings were many and elaborate.

FAVORABLE REPORT
FOR \$60,000,000
ROAD BOND PLAN

Committee May Submit
approval to House To
Constitutional Object
Ignored.

By a Staff Correspondent of
Post-Dispatch.

JEFFERSON City, Mo., Feb. 17.—

Constitutional objections raised by former Assistant Attorney General Lee B. Ewing to a proposed \$60,000,000 state bond issue for good roads are being ignored by the House committee on Roads and Highways, which is engaged in making a comprehensive program of building legislation.

The committee differs with Ewing as to the constitutionality of a bond issue, and has voted to report a bill to a joint and concurrent session, submitting the bonds to a general election in November.

Representative Morgan, chairman of the committee, also is engaged in preparing measures which will materially alter the Hawes Road Law, passed two years ago.

Ewing, addressing a meeting of good roads enthusiasts in Jefferson City, 10 days ago, expressed the opinion that the constitutionality of the issuance of bonds, except in cases of emergency, and then limited to life to 13 years. As it could be hoped to pay off a \$60,000,000 bond issue in so short a period, it was believed generally, that the act must be abandoned. Morgan, representing the committee, said today that the constitutionality of the issuance of the bonds by the Legislature, and would not have anything on the voting of bonds by the people. He contended that no attempt to the constitution is necessary for the submission of the bond issue.

Resolution Approved.

The committee action was on a resolution introduced by Representative Fawcett of Jackson County, who proposed to change highway throughout the State war memorial shafts in the system of guide posts at appropriate memorial feature of the road and has approved a substitute bill.

This calls for the \$60,000,000 of 4 1/2 per cent bonds, to run 20 years, and to be paid by a tax of 10 cents on the \$100 value of the fund is to be apportioned to the counties of the State for the construction of roads under the system of roads, which he said is impossible under the present law.

The Hawes Plan.

The Hawes bill provides for the receipt of a State road fund from the receipts from automobile license and from Missouri's share of \$60,000,000 appropriated by Congress for roads. Except for \$500,000 annually for road drainage, the fund can be expended only in the county will vote bonds to the dollar for dollar the amount from the State road fund.

Under this law the counties refused or failed to vote bonds to receive any of the State or money, and Morgan contended must follow that law, having a general system of all the counties of the State grand road scheme, there will be connected road systems.

It is Morgan's plan to expend automobile receipts and part Government fund in all the counties of the State, whether they vote or fail to vote them.

There are objections raised by members that this means the progressive counties of the State will be building roads for the progressive counties.

Morgan's Proposal.

Morgan says that, in the next year, Missouri will receive more than \$1,500,000 of Government money. The annual receipts from automobile licenses are approximately \$1,500,000, or \$4,500,000.

Three years contemplated by the plan. This will go to the State fund, except for \$200,000 at or \$600,000, for the three years which will be taken out for drainage. This will leave \$1,300,000 for building roads.

Taking a like amount from the Federal fund, there will be \$2,600,000 for building roads.

He proposes to construct a total of 6000 miles of road, being divided among the counties in proportion to the road mileage. Road north and south and east and west in each of the roads being so laid out that the Highway Department can connect into continuous system.

On this basis there would be \$1,300 per mile for road construction for 6000 miles of three years. Morgan says that miles of road will connect every seat in the State.

FAVORABLE REPORT FOR \$60,000,000 ROAD BOND PLAN

Committee May Submit Approval to House Today; Constitutional Objections Ignored.

By a Staff Correspondent of the Post-Dispatch.

JEFFERSON City, Mo., Feb. 17.—Constitutional objections raised by former Assistant Attorney General Lee E. Ewing to a proposed \$60,000,000 state bond issue for good roads, are being ignored by the House Committee on Roads and Highways, which is engaged in mapping out a comprehensive program of road building legislation.

The committee differs with Ewing as to the constitutionality of a bond issue, and has voted to report favorably a joint and concurrent resolution, submitting the bonds at the general election in November, 1920.

Representative Morgan, of Putnam County, chairman of the committee, also is engaged in preparing road measures which will materially alter the Hawes Road Law, passed two years ago.

Ewing, addressing a meeting of good roads enthusiasts in Jefferson City, 10 days ago, expressed the opinion that the constitution prohibited the issuance of bonds, except in cases of emergency, and then limited their life to 13 years. As it could not be hoped to pay off a \$60,000,000 bond issue in so short a period, it was believed generally, that the project must be abandoned. Morgan, representing the committee, differs with Ewing. He said today that the constitutional limit was on the issuance of the bonds by the Legislature, and would not have any bearing on the voting of bonds by the people. He contends that no amendment to the constitution is necessary for the submission of the bond issue.

Resolution Approved.
The committee action was taken on a resolution introduced by Representative Pevett of Jackson County, which proposed to construct highway throughout the State with memorial shafts in the nature of guide posts at appropriate places. The committee has stricken out the memorial feature of the resolution, and has approved a substitute resolution.

This calls for the \$60,000,000 issue of 4 1/2 per cent bonds, to run for 30 years, and to be paid by a tax levy of 20 cents on the \$100 valuation. The fund is to be apportioned to the counties of the State for the construction of roads under the supervision of the State Highway Department, the apportionment to be on the basis of total mileage of public roads in each county.

Morgan, in seeking to change the Hawes road law, and to create a law which will fit in with the plan for the expenditure of the money expected to be derived from the bond issue, is evolving a measure which makes radical changes in the present law, though he contends his changes, instead of weakening the law and hindering the building of roads, will strengthen it and provide for the construction of a State-wide system of roads, which, he says, is impossible under the present laws.

The Hawes Plan.
The Hawes bill provides for the creation of a State road fund from the receipts from automobile licenses and from Missouri's share of the \$60,000,000 appropriated by Congress for roads. Except for \$200,000 annually for maintenance, the fund can be expended only when a county will vote bonds to match dollar for dollar the amount taken from the State road fund.

Under this law the counties which refused or failed to vote bonds, failed to receive any of the State or Federal money, and Morgan contends, the result must follow that instead of having a general system connecting all the counties of the State in a grand road scheme, there will be disconnected road systems.

It is Morgan's plan to expend the automobile receipts and part of the Government fund in all the counties of the State, whether they vote bonds or fail to vote them.

Morgan's Proposal.
Morgan says that, in the next three years, Missouri will receive not less than \$8,250,000 of Government road money. The annual receipts from automobile licenses are approximately \$1,600,000, or \$4,500,000 for the three years contemplated by this plan. This will go to the State road fund, except for \$200,000 annually, or \$600,000 for the three years, which will be taken out for road building.

Taking a like amount from the Federal fund, there will be a total road fund of \$7,800,000 for road building.

He proposes to construct with this fund of 6000 miles of road, the fund being divided among the counties in proportion to the road mileage for each road north and south and one mile east and west in each county, the roads being so laid out by the State Highway Department that they will connect into continuous highways.

From this basis there would be available \$1300 per mile for road construction for 6000 miles of road in three years. Morgan says that 6000 miles of road will connect every county in the State.

Sunday, course, we had roast beef, and, being a hungry family there wasn't much left for Monday night's dinner. There was still some meat, you see, and I had a little left over of the table. So I chopped it up fine, added a bit of spaghetti that I had in the house, and some stewed tomatoes, and flared it up in a frying pan. I had some, which isn't a Worcestershire, but is just about the most delicious touch of inspiration that any dish can enjoy. I cooked my left-overs in a frying pan, and I had it in the oven, and when Jim got through with that dish he said he was going to have left-overs every night. He says it is my way of cooking for him, and I say it is his. I think anything else that really is it! A success.—ADV.

4 VACANCIES TO OCCUR ON BOARD OF EDUCATION

Places Will Be Filled at Election in April—Three Whose Terms Expire Upheld Miller.

An effort to direct public attention to the question of nominations for four vacancies on the Board of Education, to be filled at the city election April 1, has been begun by a number of ministers and business men. The time for filing candidacies will end next Monday.

The four members of the board whose terms expire this year are: Henry L. Wolfner, president; Richard Murphy, Frank A. Gannon and B. J. Plueme. Of these, the last three are considered as antagonistic to Supt. Withers, and voted against him in the case of Principal Miller of McKinley High School, decided by the board in Miller's favor last Tuesday.

The Rev. John W. Day, pastor of the Church of the Messiah, Unitarian, at Union boulevard and Enright avenue, announced yesterday that, at a dinner for the men of the church Wednesday night, the subject of discussion would be "Our Educational Crisis."

Dr. Day said today that this subject referred to the present situation in the Board of Education. He said the purpose was not to revive discussion of the Principal Miller case, which has been settled, but to point out the need for proper public attention to the nomination and election of candidates for the Board of Education.

Dr. Day was one of the signers of an appeal to Mayor Kiel, which was prepared last week, and which asks the Mayor to use his power "to nullify the influences that are swiftly bringing the public school system back to the old deplorable condition which we fondly hoped has passed away forever."

"We fear," the appeal continued, "that the public schools are slipping back into the condition from which they were saved in the 90s—when the appointments, promotions and the pay roll were in the hands of men who used them to favor their friends and to increase their own influence. This gradual, but marked, change has been observed and feared by many people, who realize that one of the dearest interests of St. Louis is being menaced."

The appeal says, in regard to Supt. Withers:

"Dr. Withers, one of the ablest and most efficient men in education in the United States, stands like a stone wall against these backward tendencies. Is this the cause of the animus against him? Do we want a man less firm and more compliant? Certainly the vote against Dr. Withers on Tuesday, Feb. 11, was not a great moral victory. We are not deceived, for the real issue is as clear as daylight. If St. Louis loses him as superintendent, can we expect his successor to stand so firmly as he has stood for the maintenance of the schools on the high level of recent years?"

The signers are Bishop Tuttle, Dr. Day, Rabbi Samuel Sals, the Rev. George R. Dorn, the Rev. Dr. Z. B. T. Phillips, the Rev. Dr. S. H. Woodrow, Rev. Dr. W. C. Bitting, the Rev. Dr. J. H. McIvor, the Rev. Dr. Ivan Lee Holt and the Rev. Dr. Benjamin Young.

WELCOME TO NEGRO REGIMENT

Chicago Greets 370th Infantry, Which Made Notable Record in France.

By the Associated Press. CHICAGO, Feb. 17.—The 370th United States (negro) Infantry, better known to Chicagoans as the Eighth Infantry of the Illinois National Guard, was welcomed home today.

The regiment made a distinguished record in France. As a part of Gen. Mangin's Tenth Army from Sept. 16, 1918, to the end of the war, they attacked the flower of the German army. The Third Battalion, comprising boys from Danville, Springfield, Peoria and Metropolis, on Sept. 20 achieved a notable victory at Farnes de la Riviere. There are many members of the regiment wearing decorations. Everybody in C Company got out for storming the town of Baume. After a parade, the regiment entrained for Camp Grant to be discharged.

FOUND DEAD IN HIS BED

Charles F. Miller, 42 years old, a coffee salesman, 2904 Wisconsin avenue, was found dead in bed with an empty bottle that had contained carbolic acid by his side when his son, Robert, 18, returned to the home with an uncle at 7 o'clock last evening. Coroner Velt said Miller had been dead several hours and apparently had swallowed the acid.

Police were told Miller's wife, Mrs. Clara Miller, and their daughter, Hazel, had left the home last Monday, following a quarrel over domestic affairs, and had gone to live with a sister, Mrs. L. H. Zoll, 4055 Marquette avenue. Dependence over the separation is supposed to have led Miller to end his life.

DIES 24 HOURS AFTER HUSBAND

Mrs. Olive P. Dix, 27 years old, died at her home, 2005 S. Grand avenue, of pneumonia following influenza early yesterday morning, after an illness of eight days, following her husband, Oscar Dix, 28, who died of the same disease 24 hours previously. Dix had been sick for nine days. Mrs. Dix's funeral will be from Roberts' funeral parlors, 1920 South Grand avenue. She will be cremated, as was her husband.

Dix was secretary of the Standard Leather Co., of which his father, Adolph Dix, of 3815 Cleveland avenue, was president. A 3-year-old daughter, Olive Adele, is the only child surviving her.

OLD AGE STARTS WITH YOUR KIDNEYS

Science says that old age begins with weakened kidneys and diseased organs. This being true, it is easy to believe that by keeping the kidneys and diseased organs cleaned and in proper working order old age can be deferred and life prolonged far beyond that enjoyed by the average person.

For over 30 years GOLD MEDAL Bile Beans has been relieving the necessities and disability due to advancing years. It is a standard old-time home remedy and needs no introduction. GOLD MEDAL Bile Beans is made in a special, least, tasteless capsules containing about 10 grains each. Take them as you would a pill with a small swallow of water. The oil stimulates the kidney action and enables the organs to throw off the poisons which cause premature old age. New life and strength increase as you continue the treatment. When completely restored, containing a capsule or two each day, GOLD MEDAL Bile Beans will keep you in health and vigor and prevent a return of the disease.

Do not wait until old age or disease has settled down for good. Do so your drugstore and get a box of GOLD MEDAL Bile Beans. It is money refunded if they do not help you. Three sizes, 10c, 25c and 50c. Ask for the original imported GOLD MEDAL brand. In sealed packages.—ADV.

YOU CAN'T RUB RHEUMATISM AWAY

WITH EXTERNAL APPLICATIONS. Medical Science says Rheumatism is a constitutional disease, produced by an excess of lactic acid in the system, caused by exposure to cold and dampness. COL-LAC-SAL TABLETS are scientifically prepared to reduce the excess of lactic acid and if taken one tablet three times a day, will relieve pains immediately and eliminate the cause. COL-LAC-SAL TABLETS can be purchased at any drug store. (Insist on COL-LAC-SAL TABLETS and accept no substitutes).—ADV.

LIGHTEN YOUR DARK SKIN—NOW

New Calomel Is Best for Colds and Influenza

Doctors Now Prescribe Calomel, That Is Safe and Nauseless.

Doctors are warning the public that simple colds and mild cases of influenza often lead to pneumonia and other serious complications. They say that every cold should receive immediate attention and that the first step in the treatment is to make sure that the liver is active. For this purpose Calomel, the perfect, nauseless calomel that is freed from danger of salivation, is the surest, best and most agreeable laxative.

One Calomel at bedtime with a swallow of water—that's all, no salts, no nausea, no danger and no upsetting of the digestion and appetite. Next morning your cold has vanished, your liver is active, your system is purified and refreshed and you are feeling fine with a hearty appetite for breakfast.

For your protection, Calomels are sold only in original sealed packages, and guarantee Calomels by offering to refund the price if you are not delighted with them.—ADV.

Doing Her Bit

More than a year ago I took a course of Mrs. Wood's Calomel for colds, severe colds and stomach trouble, and have been entirely well ever since. I have recommended it to many other women, and as I felt it was my duty to tell them, I feel much good it has done me. It is a simple, harmless preparation that relieves the catarrhal mucus from the intestinal tract and stimulates the elimination which causes practically all stomach troubles. I have used it for indigestion, constipation, flatulence, including appendicitis. One dose will relieve you. Write to: Wolfe-Wilson Dispensary, 1000 Broadway, New York City. Or, if you prefer, write to: C. F. Merker, R. R. 1, St. Louis, Mo.; C. F. Merker, R. R. 1, St. Louis, Mo.; C. F. Merker, R. R. 1, St. Louis, Mo.; C. F. Merker, R. R. 1, St. Louis, Mo.

More than a year ago I took a course of Mrs. Wood's Calomel for colds, severe colds and stomach trouble, and have been entirely well ever since. I have recommended it to many other women, and as I felt it was my duty to tell them, I feel much good it has done me. It is a simple, harmless preparation that relieves the catarrhal mucus from the intestinal tract and stimulates the elimination which causes practically all stomach troubles. I have used it for indigestion, constipation, flatulence, including appendicitis. One dose will relieve you. Write to: Wolfe-Wilson Dispensary, 1000 Broadway, New York City. Or, if you prefer, write to: C. F. Merker, R. R. 1, St. Louis, Mo.; C. F. Merker, R. R. 1, St. Louis, Mo.; C. F. Merker, R. R. 1, St. Louis, Mo.; C. F. Merker, R. R. 1, St. Louis, Mo.

JORDAN

The New Town Sedan

An all-aluminum, exquisitely built, straight-line, four-door, complete vision, seven-passenger motor car of the latest type.

Wide, deep seats. Square cornered windows and doors—very broad. Peculiarly, rich, thick plate glass. Circassian walnut woodwork. Rare upholstery. Platinum fittings. Window lifts. Yale locks. Silk curtains.

Everything fashionably modern in enclosed coach-work, combined with a standard chassis

of finished mechanical excellence—that is the new Jordan Town Sedan.

The interior affords the repose and intimacy so desired in an enclosed car. No rumbles. No squeaks. No fatigue.

For the finish you may choose between Liberty blue and Brewster green.

Truly the car for discerning people who look for personality as well as performance in a motor car.

The Town Sedan is on exhibition at the Show as well as in our salesrooms

JOHN BOE, President. W. M. A. C. HALL, Sec'y-Treas.

TUESDAY IS LINEN DAY

In Famous-Barr Co.'s Aggressive February Sales Campaign

The interest of housewives and hotel and boarding-house proprietors will center around this wonderful value-giving occasion. Linens today are as scarce as they were a year ago, in fact, they are becoming even scarcer and higher in price. Authorities predict that this condition will exist for at least another year, and probably longer. By a special stroke of good fortune, we secured a generous quantity of excellent quality table and bed linens. These we are able to offer at prices that are far below regular, and with the linen situation, as stated above, every far-sighted person will lay in at least a year's supply.

Table Damask

\$3 Quality, **\$2.44**
Yard

All pure linen table damask, full bleached, extra heavy quality.

Napkins

Double Eagle Stamps Tuesday

This is the signal awaited by all thrifty folks. Two of the valuable Eagle Stamps instead of the usual one with cash purchases attract thousands who realize the importance of this method of saving. Coupled with this are the big February events which are holding the attention of all St. Louis. It's the wise woman who confines all of her shopping here Tuesday.

Tuesday We Continue Our February Sale of

SAMPLE SUITS

which also includes several hundred other high-class garments, purchased at extraordinary concessions.

Our Sample Suit Sale is recognized as the premier apparel occasion of the season. Several of the foremost manufacturers in the country reserved for us a great many of their sample garments, and in addition, made up several hundred others at a very small margin of profit. These we have assembled into two splendid groups, offering the most unusual values of the season.

Spring Suits

Values Up to \$37.50

Handsome tailored garments in the box-coat effect, and many variations of the same. Some loosely belted, others partly or fully belted, but in every instance retaining the straight-line silhouette. Some have vests, others novelty collars with tie fixings. Broad predominates as the trimming motive. The skirts are perfectly plain and narrow. Materials include serges, poplins and Poiret trills. Sizes for women and misses.

\$21

Spring Suits

Values Up to \$69.75

Cleverly designed garments of tricot, Poiret twill, gabardine, men's-wool serge and fancy worsteds. The soft vestes of novelty wool or silk and even in contrasting colors, the silk arrow-heads and the silk cord collar edgings will immediately identify these suits as being distinctive and exclusive. They are shown mostly in blue and black, although a few of the brighter shades are included. Sizes for women and misses.

\$33

Third Floor

Men's and Young Men's \$25, \$30 & \$35 Suits and Overcoats

Are Offered in Our Great February Sale at

\$19.00

This occasion stands out in bold relief as the supreme money-saving clothes buying opportunity of the year. No man in need of a suit or an overcoat can afford to overlook its advantages. This low price is way out of the ordinary, and only because of the purchasing advantages we enjoy are such values possible. Military and naval men who are returning to civil life will find this the logical time to purchase their civilian apparel.

The Suits

Waist-seam models, military effects, two and three button sack styles, also single and double breasted models of plain blue serge, flannels in blue, green and Oxford gray, novelty cassimeres and chevrons, also silk-mixed worsteds, many lined with fancy silks. All sizes for men and young men.

The Overcoats

Big Storm Ulsters, Short Ulsterettes, waist-seam models, and the always dressy Chesterfield Coats of the desired fabrics, in dark and medium colors. Most of them are quarter-satin lined. Sizes for men of all builds.

Second Floor

Lace Curtains

Pair **\$5.00**

Handsome allover and plain Scotch weave and Filet Lace Curtains. Beige Point Milan and Duquesne Curtains, mounted on finest quality nets, imported from Switzerland, and mercerized Marquisette and sheer Voile Curtains, with dainty lace insertion and edges, and hand drawwork trimmings. All in white, ivory and beige, and the regular lengths and widths. Choice of any Tuesday, pair, **\$5.00**. Fourth Floor

Axminster Rugs

\$60 Value **\$51.75**
Tuesday

Seamless quality Axminster Rugs, made of heavy yarns in a splendid assortment of handsome designs and beautiful color combinations. Size 9x12 ft. Fourth Floor

Wool Blankets

Lamb's Wool Blankets, size 6x8 1/2 inches. Attractive blue, pink and tan plaids. \$18 values; Tuesday **\$9.85**

Fourth Floor

Stationery Sale

A special purchase of Government "Regulation" boxes at far below actual worth, bringing

35c Qualities **22c** or 5 Boxes **\$1.00**
at Box for

During the period of the war, the Government regulations stated that Stationery Boxes should be made somewhat shallower than the regular 2-inch depth. This order has now been rescinded, and we secured far below regular, a manufacturer's entire remaining stock.

The Stationery is in the popular fabric finish, each box containing 24 sheets and 24 envelopes, in white, pink, blue, buff, tan and violet. Choice of any of these regular 35c boxes at **22c** or 5 boxes for **\$1.00**.

Main Floor—Aisle 10

\$85 Dining-Room Sets

Davenport
\$85.00 **\$69.75**
Values

Massive Turkish Davenports, completely over-stuffed in heavy tapestry. Long tempered steel coil springs. Chair or rocker to match. \$42.50.

In the February Furniture Sale at **\$62.50**

An example of the splendid savings made possible by the February Furniture Sale. These Dining Room Sets consist of 54-inch table and six dining chairs, covered with leather seats. All in the Jacobean finish and William and Mary design, as illustrated. Deferred payments may be satisfactorily arranged.

Poster Beds
\$45.00 **\$35.00**
Values

Four-post Beds, in either mahogany or American walnut finishes. High posts, turned from four-inch stock—full size only. Fourth Floor

Continuing the

Martha Washington Apron Sale

Hundreds of women await this annual event, for they know that at this time selection is always larger and values better. Martha Washington Aprons are adaptations of the dainty Colonial House Frocks worn in the days of '76. Hundreds and hundreds of attractive Aprons are offered at unusual savings.

Bungalow Aprons, \$1.95

These are made of Amoskeag gingham, trimmed with contrasting colors. Made with fitted back, adjustable belt with three buttons.

Dress Aprons, \$2.85

Tastefully made of handsome ginghams with novelty combined collar and pockets—belted back.

Morning Sets, \$2.95

Made of checked percale of light shades with bias set-in front, ruffle trimmed collar and pockets and belt.

Dress Aprons, \$1.95

Of fancy checked percales, in pretty, new colorings. Semi-fitted with belted back and fancy pockets.

Third Floor

Tuesday's Basement Economy Store Feature Will Be These

New Spring Suits

Values **\$17.75**
Up to
\$25, for

The high quality of materials and general workmanship found in these Suits are usually only to be seen in much higher-priced apparel. This low price is possible due to a fortunate purchase of 200 Suits, which we secured at an unusual concession.

There is a splendid variety of the new styles, including the smart box coat effects, the braid-trimmed models and plain tailored styles. Fashioned of all-wool poplins and serges in navy, black and a few colors. Coats are lined with plain and fancy silks. Sizes for women and misses.

ART OF NAZIMOVA SAVES "EYE FOR EYE"

The Towers Over Supporting Cast in Arabian Drama of Love and Hate.

Nazimova is such a talented actress that even with the poor support of the towers she makes a creditable show of what otherwise might be a very ordinary screen production at the New Grand Central and West End.

At that, Nazimova's large following who would not enjoy seeing her would not be disappointed. Her individuality does not suffer in the least. She portrays the well-eyed girl of Arabia, the pathetic slave of a cruel circus manager and the passionate love-slave of a naval officer in most dramatic fashion.

A Chester Outing and a show-up of analytical picture of a boxing bout lend diversion to the bill at the New Grand Central. The West End has also an interesting additional feature.

TOM MIX IN MIXTURE OF RARE WESTERN STUNTS

Hero of "Treat 'Em Rough" Drama "Rough and Ready" in Thrilling Style.

A typical Tom Mix mixture of heroes and wild Western "stunts" is "Rough and Ready," which has first place on the screen at the Liberty Theater this week. There is action every minute and this picture is sure to please the followers of the cowboy star who never seems afraid to take any chance of personal injury in putting a picture over.

In this offering he plays the part of a rough and ready rider of plains whose sympathy and sense of fair play are aroused in behalf of a minister of the gospel who is run out of town by a gang of "bad men." He decides to take the minister's place and keep the church and school from showing the persecutors the true meaning of militant religion.

His feats of horsemanship are spectacular in the extreme. On his trusty broncho he rides up a full flight of shaky stairs. Then he jumps with his horse from the porch to a roof which sways with him, precipitating him and his acrobatic rider into the basement where he arrives just in time to do battle with the gang of bad men. As if these were not thrills enough, Mix demonstrates his triple efficiency as a dramatic expert by doing two real stunts and a rifle simultaneously in cleaning up the gang. It is "eat 'em alive" stuff all the way through.

"LION AND THE MOUSE" A BIG BUSINESS FILM

Gives Excellent Chance for Display of Alice Joyce's Charm and Talents.

Those who like film plays concerning big business will be charmed by the excellent characterization of Alice Joyce in a photoplay version of Charles Klein's former stage success, "The Lion and the Mouse," which began a four-day engagement yesterday at the Pershing, formerly the Park Theater.

How Shirley Rossmore, daughter of a Judge unjustly impeached because his court decisions are detrimental to the interests, penetrates the sanctum of her father's political enemies and manages to save him, forms the theme of the plot.

William Desmond in "Life's a Joke," a comedy which is really deserving a more apt title, is amusing. A typical review of a comedy complete the bill. A large orchestra furnishes excellent music.

ARMENIAN VIOLINIST "POP" CONCERT SOLOIST

Rare Expression and Tone in Presentation of Soulful Folk Songs.

The keynote of the inclusion of Haig Gudianian, Armenian violinist, in yesterday's popular symphony concert at the Odéon was struck by James R. Dunn, United States District Commissioner, in an address given by him after the young soloist had made the first two of his appearances on the program. "You have listened to the heart throbs of a persecuted people," said Dunn.

There was a world of sobbing sadness and patient suffering in the Miserere of his own composition played by Gudianian. This and his other selections, all folk songs and dances of his native land, did not call for any great display of the pure technical of violinism, but they had a thetic charm which no symphony orchestra could fail to understand. They demonstrated also that this youthful Armenian has tone and expression which raise him far above the level of the average fiddle finger.

The remainder of the program was orientally exotic and mainly of feminine appeal. There was a surfeit of Massenet and Saint-Saëns, and a touch of "Phedre" of Massenet, which followed a short time later by his Manon, played as an encore. Saint-Saëns' "Fantasie" from "Samson and Delilah" called for the inevitable "Swan" as an extra number. Best of the numbers on the program was the famous "Tchekanowsky" "Nutcracker" suite, which was given with fine spirit. Other numbers were Lladov's "Baba-Yaga" tone picture and Liszt's Second Hungarian Rhapsody.

SHARES AGAIN FEATURE STOCK LIST

Sharp Gains Are the Rule on Leading Issues in the Wall Street Market.

By Leased Wire From the New York Bureau of the Post-Dispatch.

NEW YORK, Feb. 17.—The Evening Post, in its copy of the financial review today, says: "The advance in prices, which began last Friday's closing, continued at a vigorous pace today, with a large business done than on any day since the first week of the year. All part in the movement. Wall Street itself appeared to have no explanation for it, except for the suggestion that a large short interest was covering, and that 'wire orders' were unusually large. This was no very conclusive explanation; what people want to know is why the shorts covered and the 'wire orders' bought."

"Changes of this sort in the direction of a market are pretty sure to be caused either by something that has happened, or by the fact that something which had been expected and which the previous movement of prices had 'discounted,' has not happened."

"It would not perhaps be wholly convincing to ascribe this wholly recovery to the acceptance of the League of Nations draft by envoys of the States which will control the measure. Most people would hesitate to explain the rise by the Treasury's announcement of its readiness to meet the market intelligently in the April loan. But it is not by any means to be forgotten that the recent despondency, even on the Stock Exchange, was considerably emphasized by any practical results at the Paris conference, and by uneasiness over the Treasury's move to try to float a loan of unpracticable terms."

DETAILED REPORT OF DAY'S TRADING IN WALL STREET

NEW YORK, Feb. 17.—Last week's bullish reconstruction in this was resumed as active trading in the stock market. American common was the central feature, leading to a general advance in all lines. Mexican Petroleum, Sinclair, and other oil stocks, and American common, were the main features. The market was generally active, with a large volume of business done. The closing was strong, with most of the leading issues showing gains.

CORN MARKET LOWER AFTER EARLY ADVANCE

Opening of the Dardanelles and talk of improved foreign business caused minor buying of corn futures at the start of the market here today, but selling by professionalists caused a reaction and later values were slightly under Saturday's closing.

Small primary receipts and estimates of small farm reserves were other factors in the market.

Outs futures were quiet, and barely steady, and followed closely the movement of corn. Statistics were bullish.

May corn opened 1/2c up at 61 1/2c, then lost to 61c, asked.

Corn receipts here today were 88,000 bu. against 25,000 bu. last year. Shipments 76,000 bu. against 21,000 bu. last year.

Corn advanced over 2c in the late market, then lost all its gain and nearly all its advance.

The domestic visible of wheat decreased 10,000 bu. last week; corn decreased 4,000 bu. last week.

The total visible wheat is 1,200,000 bu. against 1,100,000 bu. last year.

The total visible corn is 1,200,000 bu. against 1,100,000 bu. last year.

The total visible grain is 1,200,000 bu. against 1,100,000 bu. last year.

COTTON MARKET STRONG AND HIGHER IN NEW YORK

NEW YORK, Feb. 17.—The cotton market showed renewed firmness today, as shown by the Government report of the weather forecast, and the view of general conditions was again bullish.

The weather forecast said: Illinois, Missouri, Wisconsin, Iowa and Minnesota, fair tonight and Tuesday; unsettled tonight and Tuesday.

The domestic visible of wheat decreased 10,000 bu. last week; corn decreased 4,000 bu. last week.

The total visible wheat is 1,200,000 bu. against 1,100,000 bu. last year.

The total visible corn is 1,200,000 bu. against 1,100,000 bu. last year.

The total visible grain is 1,200,000 bu. against 1,100,000 bu. last year.

The total visible grain is 1,200,000 bu. against 1,100,000 bu. last year.

The total visible grain is 1,200,000 bu. against 1,100,000 bu. last year.

The total visible grain is 1,200,000 bu. against 1,100,000 bu. last year.

The total visible grain is 1,200,000 bu. against 1,100,000 bu. last year.

Something More Wanted.

HE applicant for the job of office boy presented his credentials in a manner that bespoke his entire confidence that the position would be his. The sour-looking old gentleman at the head of the establishment read the paper carefully and then surveyed the boy searchingly. "It is certainly a very nice thing for you to have these recommendations from the minister of your church and your Sunday school teacher," said he, "and I must admit that you look honest. All the same, I'd like to have a few words from someone that knows you on week days."—Harper's.

Nothing Doing.

"A NEWSPAPER reporter wishes to see you, sir." "Did you tell him I was home?" could hardly speak? "Yes, sir," but he said he would only ask questions which you could answer by a nod or a shake of the head." "Tell him I have a stiff neck."—Boston Transcript.

Lift Out Your Corns

ICE-MINT
THE NEW DISCOVERY ENDS
All Foot Troubles

This new discovery, made from a Japanese product, is certainly a wonder. The way it draws out inflammation from a pair of swollen, burning, aching feet. It takes the soreness right out, then the corn or callous shrivels and lifts off. Hard corns, soft corns or corns between the toes just shrivel up and lift off so easy. It is wonderful. Just think! Not one bit of pain while applying Ice-Mint or afterwards. It doesn't even irritate the surrounding skin. You will never have to cut a corn again and run the risk of blood poison. Say good-bye to your old corns and plasters and bandaging tape, for that pet corn of yours is sure to be a "goner" if it ever feels the magic touch of Ice-Mint. It imparts such a delightful, soothing, cooling feeling to the feet that you will sigh with relief. Ice-Mint is the real Japanese secret for free, healthy little feet. It draws out foot odors and keeps them sweet and comfortable. It is highly recommended by women who wear high-heeled shoes. Ice-Mint and give your poor, suffering feet the relief that is theirs by right. It costs little and there is nothing better.—ADV.

What Arguing Leads To.

"YOU know you are in the wrong," said the contentious man. "Nothing of the sort," replied the unwilling debater. "I merely said I might be mistaken." "Sir, do you concede that you are not infallible?" "Of course I do. Nobody but a blankety-blanked fool would think himself infallible." "Sir, do you mean to insinuate?" "I don't mean to insinuate anything. Thank heaven, here's my car! Good night!"—Birmingham Age-Herald.

A Reactionary.

"WHY did your hired man quit?" "He was too easily discouraged," answered the up-to-date farmer. "He said he'd spent 20 years trying to understand a mule and he'd be glad to quit if he would tackle a tractor at this time of life."—Birmingham Age-Herald.

One Woman to Another

By Mae Gwynne
"I am so sorry, dear, to keep you waiting, but—yes, this is the real, excuse me—I ran short of Amolin and had to wait until the maid obtained another supply." "Amolin?" I questioned, and smiled a little incredulously at Rita.

"Oh, my dear, you don't mean to say you are ignorant of Amolin. Why you really must get to know it and use it, too, Mae. It's a personal deodorant powder. I use it daily—indeed, I couldn't do without it." And then Rita went on to tell me about the Davis' reception. But my mind was wandering. I was determined not to forget about Amolin. More than once I've been conscious of body odors from perspiration and other causes. I bought a can of Amolin and used it that day. The results have surprised me. Amolin keeps a woman entirely free of odor. Most women are more or less troubled with odors of some kind. We're not always conscious of them, though other people are. It's no more than a duty to be always fresh and sweet of person. Amolin is unexcused, contains no talcum and is absolutely harmless. It is highly antiseptic and has many intimate uses. All drug and department stores sell Amolin. It costs 25¢ for a 2-oz. can, 45¢ for a 4-oz. can. The Amolin Co., Ltd., N. J., will send a free sample on request. Amolin is an essential toilet requisite.—ADV.

Times Had Changed.

JANE ADDAMS, at a Hull House tea, was commenting on the fashions. Illustrating the trend of the times, she told of a poor man who had hardly been able to clothe his wife and family until one day he managed to invent a new kind of depth bomb. The Government paid him liberally for the invention and he went to his wife with tears in his eyes. "At last, my dear," he cried, "you will be able to buy yourself some decent clothes." "I'll do nothing of the kind," she retorted. "I'll get the same kind the rest of the women are wearing!"—Los Angeles Times.

Didn't Have Time.

At 12 the other night one of our aviators who had liberty until 10:30 was "hot footin'" it back from the hop harbor in a neighboring village. He passed the tracks the "Y," and then started on the double past the sentry at the gate. "Halt!" commanded the sentry. "Halt nothin'," yelled the glib; "I'm two hours late now."—Panillac Pilot, France.

Serious Conflagration.

It was the day after the hodgepodge picnic and Hogan was in a bad way. "Och, murder, Honora," he groaned. "It's me insides that's burnin' up intirely."

"Dye think, Mike, that ye could get th' foire under control wid a bottle of beer?" asked Mrs. Hogan. "O' dunno," said Hogan. "But anyway it would help to wet down th' ruins."—The Portfolio.

A Dainty Appetite.

"D EAREST," he murmured, as he sat in the high-priced restaurant, "you can have anything you want on the bill of fare. Shall I read it off to you?" "No," she replied hungrily. "Just read it off to the waiter."—Boston Transcript.

Fighting Togs.

"UNCLE SAM is no bully, but he can take care of himself." "Eh?" "When they chucked rocks at his plug hat they soon found him in a trench helmet."—Kansas City Journal.

Right at Home.

"This," explained the golf enthusiast, "is what we call a putt." "If this game has puts and calls," declared the Wall Street man, "I'm gonna like it."—Kansas City Journal.

Only This Week

May you see the wonderful
Thomday masterpiece

"The Man of Galilee"

Our arrangement with the owners of this great picture allows us to exhibit it only until next Saturday, so be sure to avail yourself of the privilege of viewing one of the greatest of modern religious paintings before this week is out.

There is no charge to see "The Man of Galilee," which is being shown under most advantageous surroundings on our fourth floor.
